

## Antioch Area Healthcare Accessibility Alliance

**DONATE**

I am asking for your support. I am member of AAHAA's Board Directors and I ***know you care about people like this.*** AAHAA is a charity **committed to breaking down barriers that keep people from receiving healthcare.** All our services are free, and we are completely funded through charitable contributions.

This year, demand for our **Network Nurse services increased 192%, and transportation to medical appointments increased by 56%.** ***We are humbled to be able to help so many but are troubled by those we still can't reach.***

***"As a Veteran, I am unable to drive because I suffer from chronic anxiety. AAHAA has given me many rides to the Veteran's Hospital for all my doctors' appointments. They are fantastic, more than helpful, and I honestly don't know what I would do without them." -B.G***

**We help families that are struggling financially, connect to healthcare resources for their children, when they don't know where else to turn.**

**Our Network Nurse tried to tell our client what AAHAA stood for and she said, ***"You don't need to tell me that, I have you in my phone under HELP"***.**

**Contributions made today through December 4<sup>th</sup> are being matched \$1 for \$1 by an anonymous donor.**

**Make your gift now and be that person who makes this world a little kinder for those who struggle every day just to get by.**

\*AAHAA is a 501 (c) 3 nonprofit organization. All contributions are tax deductible to the full extent provided by law.
